Want BEAUTIFUL EYELASHES?

It's easy with eyelash extensions.

Life's already too short; the last thing you want to worry about is running mascara, we now offer semi permanent eyelash extensions.

Check out our before and after photo and read more about how the treatment works.

Eyelash extensions are the hot new rage; they look and feel amazing, take advantage of our introductory offer of \$120 for a full set of lashes.

Individual synthetic eyelashes are applied to your natural lashes to give the appearance of full long luscious lashes. There is no need for mascara even though water based mascara is fine to use. The result is thicker, longer, eye opening eyelashes that are safe in the shower, while swimming, sleeping or exercising. They look absolutely natural, feel great and last as long as your natural lash life cycle, anywhere from 3-8 weeks depending on the individual.

JUNE 2010 PROMOTIONS

Spend over \$80 and receive a free eyelash tint and brow shape.
Spend over \$100 and receive a \$30 voucher to spend on your next visit.
